IMPORTANT VISA INFORMATION

IMPORTANT VISA INFORMATION

Visa & Entry Information

Greece, including the picturesque island of Santorini, is part of the Schengen Zone, a group of European countries that share a common visa policy. Entry requirements vary depending on nationality.

For Nigerian and South African Passport Holders:

A Schengen visa is required to enter Greece, as it is a more convenient visa to obtain than a Greece visa. Also, this visa also permits travel to other Schengen countries for up to 90 days within a 180-day period. Applications should be made at least 4–6 weeks before your planned departure through the Greek Embassy or an accredited visa application center.

You will need:

- A valid passport (with at least six months' validity beyond your travel dates)
- Completed visa application form
- Flight and hotel confirmations
- Proof of sufficient financial means
- Comprehensive travel insurance covering the Schengen area

For American and UK Passport Holders:

No visa is required for short tourist visits (up to 90 days). Travelers simply need a valid passport with sufficient validity for the duration of their stay.

IMPORTANT VISA INFORMATION CONTD.

Things to note:

While Greece is open to most international visitors, certain nationalities, particularly Nigerian and some other African passport holders must secure the appropriate visa prior to travel. Greece visa is complicated to get, so we advise that guests obtain a French Schengen visa.

We strongly recommend beginning visa arrangements early to ensure a smooth and stress-free journey.

All charges from the hotel are in Euros, and subject to change. A contingency has been added to make way for currency fluctuation.
